

LARGE FUNGI OF THE ADELAIDE HILLS – SELECTED RESOURCES

South Australian Guides

Several NRM Boards have produced pamphlets on fungi. You can access the Adelaide Hills pamphlet from:

www.naturalresources.sa.gov.au/adelaidemtloftyranges

and search for Fungi of the Adelaide Hills identification chart.

Books

Grey, P. & Grey, E. 2005. *Fungi down under: the Fungimap guide to Australian Fungi*. Fungimap, c/- Royal Botanic Gardens Melbourne, South Yarra, Victoria. 146 pp.

A compendium of 100+ species of fungi that are so distinctive that they can be recognised in the field and verified by the Fungimap organisation by photographs alone (now via iNaturalist).

2nd edition is in preparation (200 species), but photographs of many of the new species are on the fungimap website www.fungimap.org.au

Fuhrer, B.A. 2005. *A field guide to Australian fungi*. Bloomings Books, Melbourne, Victoria. 360 pp.

Gates, G.M. & Ratkowsky, D. *Field Guide to Tasmanian Fungi*. 2nd edition. 2016. The Tasmanian Field Naturalist Club. Inc. Hobart. 249 pp.

The Little Book of Corals

A free download from Fungimap or Field Naturalist Club of Victoria

Saunders, B. 2015. *Admiring the fungi of the Lower Eyre Peninsula: a preliminary guide to the larger fungi of the region*. Printmax, Marlestone, South Australia. 180 pp.
